

YOUSEF DIAA EL DENN

Full Stack Web Developer | Programming Instructor

Minya, Egypt | yousefdiaaeldenn@gmail.com | [+20 1050414425](tel:+201050414425)

Portfolio: yousefdiaa-eldenn.vercel.app | [GitHub](#) | [LinkedIn](#)

PROFILE

Full-stack developer and programming instructor with 3 years of freelance experience delivering scalable web applications with Python, Java, .NET, JavaScript, and Google Apps Script. Proven track record of architecting end-to-end client solutions, ranging from AI-integrated platforms (RAG systems) and secure educational ecosystems to commercial e-commerce sites. Mentored 50+ students in web development, significantly improving engagement and practical coding skills.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, React, Next.js, Bootstrap, Tailwind CSS
- **Backend & Languages:** Python, Java, C#, .NET, Flask, Laravel, Node.js, Express.js
- **Databases & Cloud:** SQLite, MySQL, Google Sheets API, Google Drive API
- **Additional:** AI Integration (Prompt Engineering, Speech-to-Text, RAG), Windows Desktop App Development, C++, Figma

PROFESSIONAL EXPERIENCE

Freelance Full-Stack Web Developer | Remote

Oct 2023 - Present

- **Architected and delivered end-to-end software solutions for diverse local and international clients over a 3-year period.**
- **Managed the full software development lifecycle—from gathering client requirements and system design to deployment, hosting, and ongoing maintenance.**

Programming Instructor | Dynamix Academy

Minya, Egypt | Aug 2022 - Present

- **Trained and mentored 50+ students in web development technologies including HTML, CSS, JavaScript, React, and Python.**
- **Increased student engagement by 30% through hands-on projects, live coding sessions, and practical exercises.**

Programming Instructor | Future Kids

Remote, across Arab countries | Sep 2025 - Feb 202

- Taught web development, Scratch, Python, and C++ to children and teenagers through online sessions.

Volunteer Programming Instructor | Community Initiatives

Minya and Cairo, Egypt | Nov 2024 - Feb 2025

- Taught children computer fundamentals, Scratch, and Python through interactive, age-appropriate activities.

SELECTED PROJECTS (Freelance & Competitions)

Cardio RAG System (Medical Diagnostic AI) | cardio-rag11.vercel.app

- Engineered a specialized healthcare web application designed to assist doctors in diagnosing heart attacks and recommending preventative measures.
- Implemented a Retrieval-Augmented Generation (RAG) architecture to process and retrieve accurate medical data for clinical decision support.

AI-Powered Islamic Library (RAG System) | srv1899053.hstgr.cloud

- Engineered a comprehensive library platform integrating advanced AI features, including Speech-to-Text conversion and deep semantic search.
- Implemented a Retrieval-Augmented Generation (RAG) system to enable intelligent book comparison and advanced content querying for users.

Dream Academy Educational Ecosystem | dreamacademy-eg.com

- Developed a full-scale e-learning platform delivering secure, premium educational content.
- Built a responsive web portal paired with a dedicated Windows desktop application designed specifically to enforce digital rights management (DRM) and protect content from unauthorized access.

VIP Gym Management Platform | vip-gym-minia.vercel.app

- Developed a dynamic, highly responsive web application for a premium fitness center, showcasing services, facilities, and membership details to enhance client acquisition.

Ghawy Fit (EMS Suit Platform) | ghawy-fit.vercel.app

- Engineered a modern web platform focused on EMS (Electrical Muscle Stimulation) fitness, integrating product displays and specialized fitness service offerings.
- Real Estate Publishing Portal | magenta-louse-870791.hostingersite.com
- Developed a dynamic real estate platform enabling seamless property listing, publishing, and detailed client display with optimized search functionality.

Rabbaninen International University Portal | riu-university.com

- Automated Admission Engine: Built a custom registration system that captures applicant data into Google Sheets and automatically organizes documents into secure Google Drive directories.
- Dynamic Content Management: Engineered a real-time news dashboard allowing non-technical staff to publish website updates directly through a spreadsheet.

AWARDS & ACHIEVEMENTS

2nd Place Winner (Minya Governorate) - RAG System Competition | Orange Digital Center, CREATIVA, ITIDA & TIEC

- Recognized for developing the "Cardio RAG System," an innovative medical diagnostic tool utilizing Retrieval-Augmented Generation.

EDUCATION

Bachelor of Computer Science and Information

- Faculty of Computers and Information, Minya University | Expected Graduation: 2029
- Current Standing: Completed First Year with a grade of "Excellent".

WE School for Applied Technology

Minya, Egypt | Sep 2023 - Jun 2025

- Academic score: 98%. Practical study in programming fundamentals and web development.

CERTIFICATIONS AND TRAINING

- **ITIDA Gigs Freelance Training Program (3 Months) - ITIDA & eyouth**
- **One Million Prompters (Prompt Engineering for AI Systems) - Dubai Future Foundation & Dubai Centre for Artificial Intelligence**
- **International Certification in Web Programming - Pearson | Oct 2025**
- **AI Tools Expert - National Telecommunication Institute | Aug 2025**
- **Training of Trainers Certificate - Mahara Tech | Jun 2025**
- **Educational Management - Dynamics Academy | Feb 2025**
- **Full-Stack Web Development - freeCodeCamp | Apr 2023**

LANGUAGES

- **Arabic, English**
